DM7 Bm7 B7 Em7
I still don't believe that you loved me once I was quite deeply in love too

A7 DM7 Bm7
But we are so done now I thought you were my ocean and the mountain

Em7 A7
And the spring that I found at last I thought I would have you for long

F#m7 Bm7
No way, you said you want me to be happy
B7 Em7 A7
But you always left me alone So that I lean on you more like a baby

DM7 Bm7 B7
Nowadays, when I think about you, boy

Em7 A7
It was so loveless It was all for yourself
DM7 B7 Em7 A7
Nowadays, I think I'm glad that we're not together anymore, anymore

DM7 Bm7 B7 Em7
I still think 'bout the way you made me feel like the only one just for you

A7 DM7
Also a lonely one for you Was it true love like you said

Bm7 B7 Em7
Now I won't even care 'Cause now I found something

A7
You never could give it to me
